

Aberdeen Local Development Plan **Supplementary Guidance Response Form**

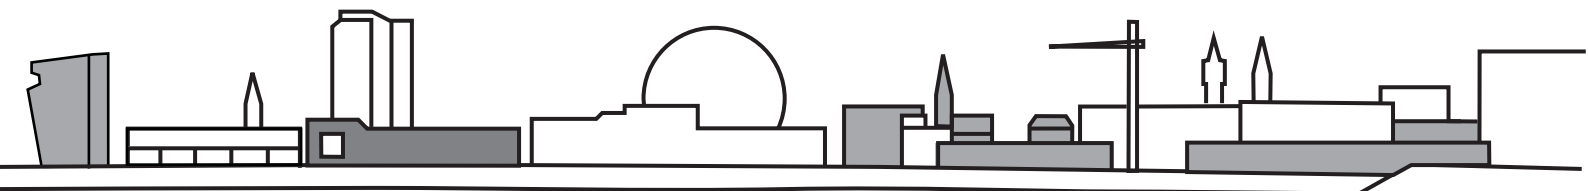

The City Council is preparing a new Aberdeen Local Development Plan which we hope to adopt in 2012. The Plan will show which land is being allocated to meet the city's development needs and it will set out the planning policies to be applied in promoting sustainable growth.

A Proposed Plan has now been prepared which contains the Council's firm view on which sites, policies and proposals should be included in the adopted Plan. Additional details are found in Supplementary Guidance.

You now have an opportunity to submit comments to us about the Supplementary Guidance. A separate form is available for commenting on the Proposed Plan. We will consider your comments before we finalise our Guidance and send it to Scottish Ministers. We must also send the Ministers a statement setting out the publicity measures we have taken and the comments we have received. We also have to explain how these comments have been taken into account.

It would help us if you could use this form to make your comments. Please complete every section and use a separate form for each piece of Guidance you wish to make a comment about. . Please return the completed form by mail to:- The Local Development Plan Team, Enterprise, Planning & Infrastructure, 9th Floor, St Nicholas House, Broad Street, Aberdeen AB10 1GY, or by email to:- **ldp@aberdeencity.gov.uk**. Online responses may also be made by completing the forms at: **www.aberdeencity.gov.uk/localdevelopmentplan**

Comments must be submitted by 5 pm on Friday 17th December 2010.

Data Protection Act 1998

How Aberdeen City Council (ACC) uses the information/data collected: the information collected in this form will be recorded electronically and stored securely for the purpose of informing decisions on the supplementary guidance for the Aberdeen Local Development Plan. The data in this form will be made publicly available on the internet. ACC will process the information fairly and lawfully and in accordance with the principles of the Data Protection Act 1998. For the purposes of processing the information ACC is the data controller.
